

As part of an initiative to improve student learning in Queensland state schools, Teaching and Learning Audits are conducted in every Queensland state school to provide quality feedback on how the school is performing and to inform school planning processes.

The audits are usually carried out every four years or following the appointment of a new school principal. A school community may request another audit within the four-year cycle, however no more than one audit will be conducted at the same school within a 12-month period.

During the audit, an independent, experienced school principal visits the school to collect a range of data and information about school practices, programs and procedures in the area of teaching and learning.

Interviews will also be conducted with staff, students and the P&C President to gather a range of perspectives on school strategies and practices.

The audit will usually take one to two days, depending on the school's context and size. The school will receive the auditor's report within 15 days and key findings will be discussed with the principal, the school's leadership team and the school staff.

From this report, the executive summary and eight-page profile will be made available to parents and caregivers on the school's web site. The principal will work with the school community to include any recommendations in the school's forward planning.

For further information about Teaching and Learning Audits, please contact your child's school or visit [www.education.qld.gov.au/nationalpartnerships/teach-learn-audits.html](http://www.education.qld.gov.au/nationalpartnerships/teach-learn-audits.html).
